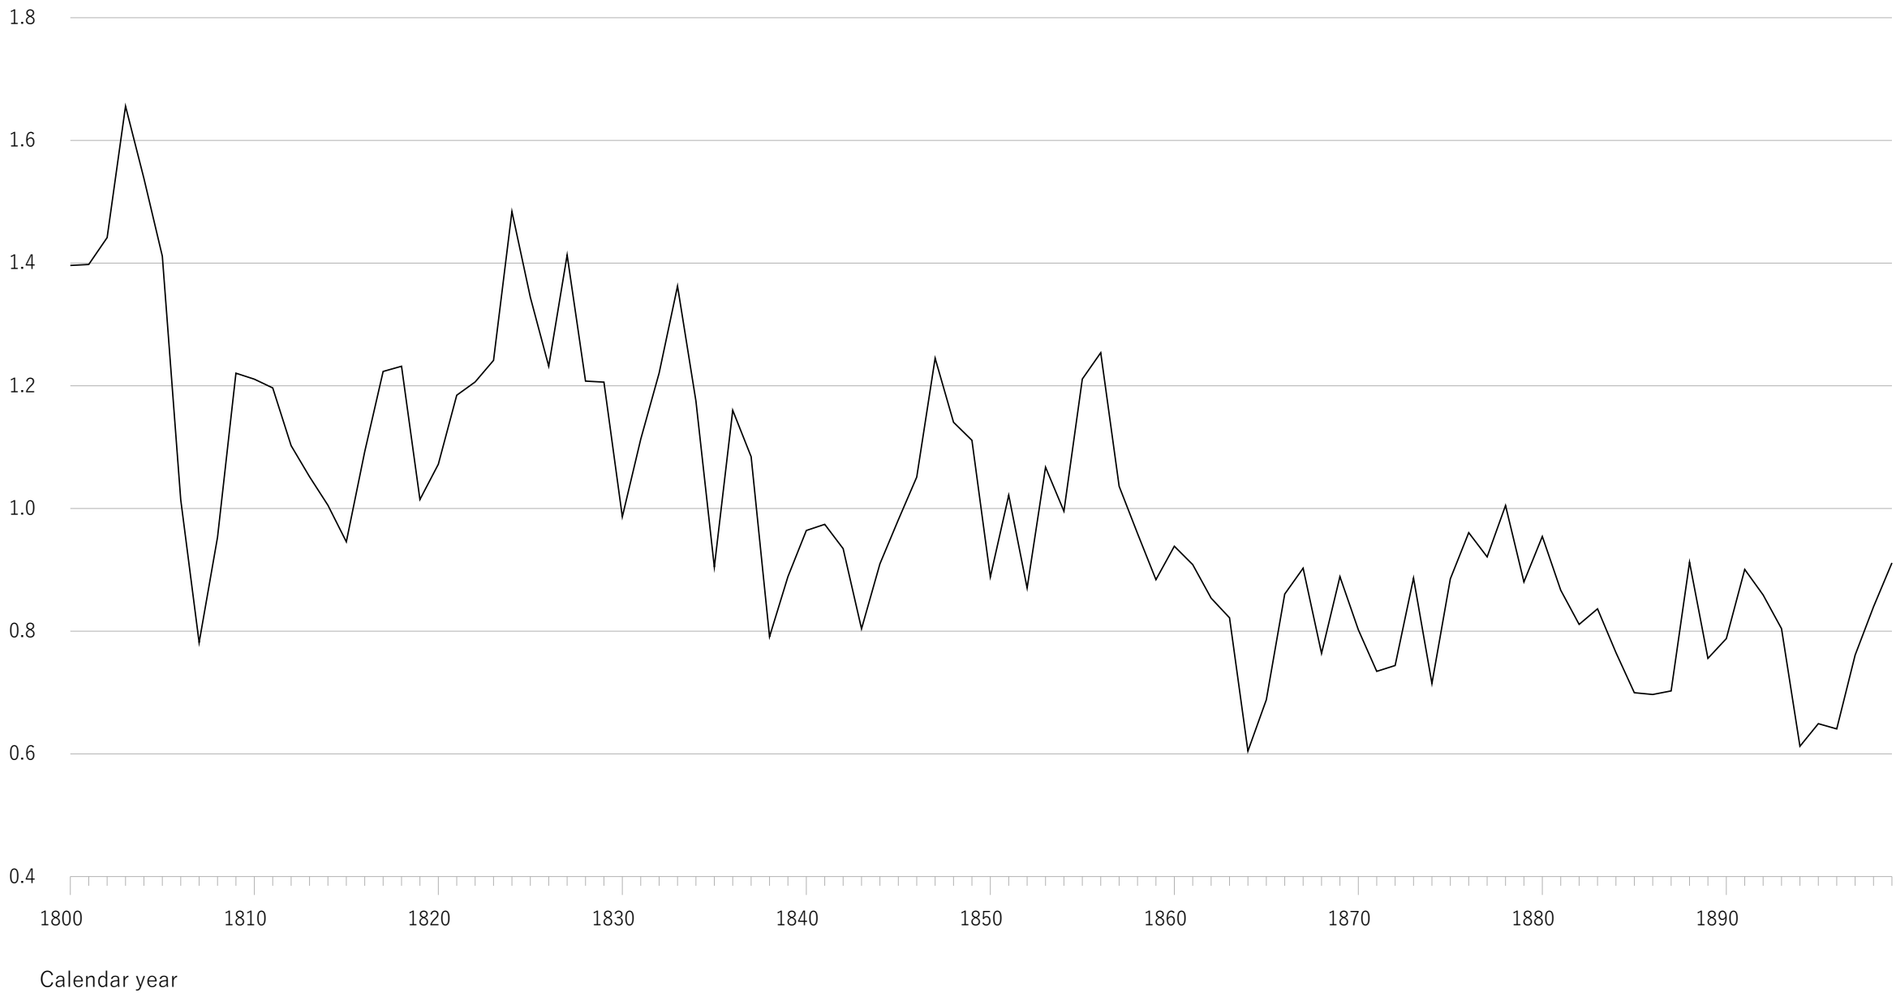
Transparency exercise: reference curve

Measured Koyamaki series / horizontal scale: 3 mm per year / relative ring width

Print at 100% / actual size. Disable fit-to-page scaling.

Solid: mean of 26 other trees, each divided by its own 1800–1899 mean.



100 mm

Practice with a known-date series; not a stand-alone dating criterion.

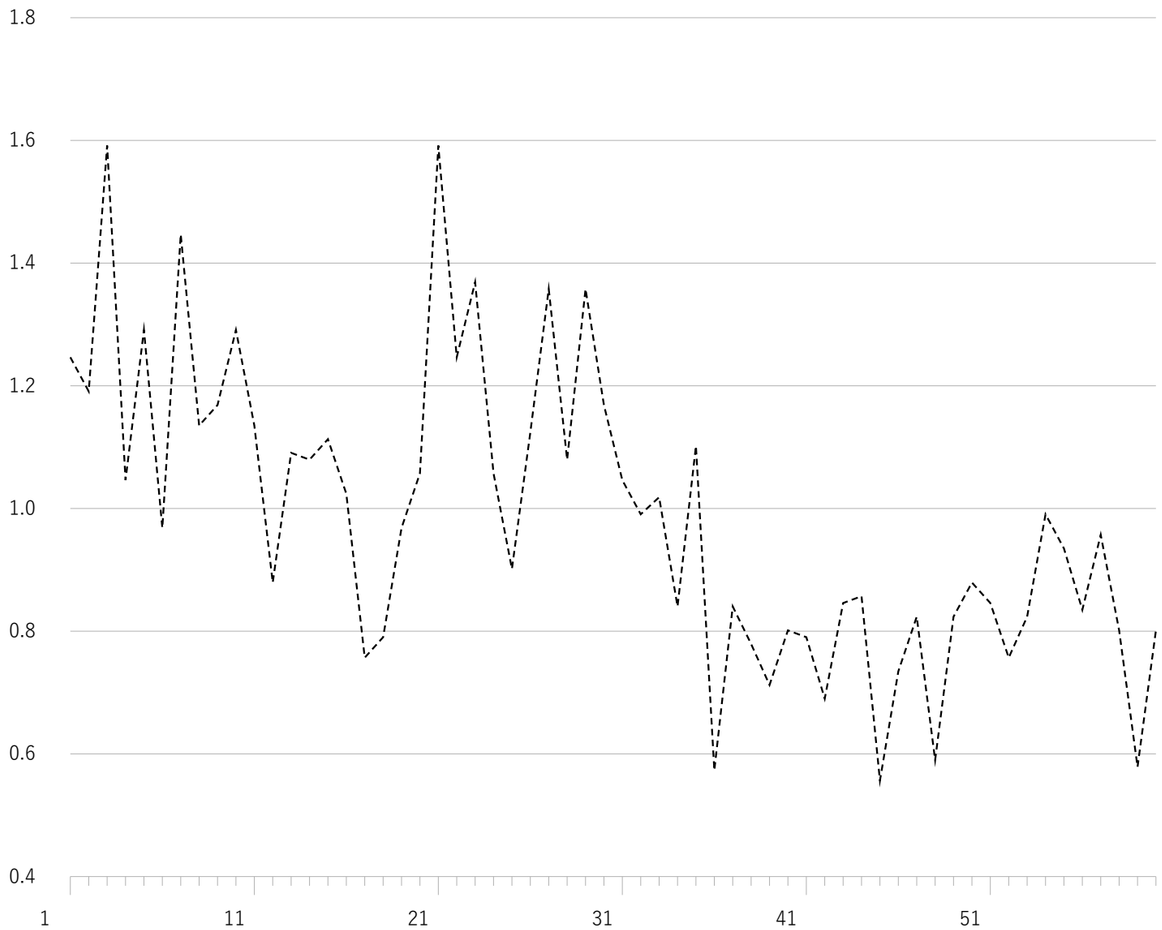
Yonenobu et al. (2026), Dendrochronologia 98, 126565

Transparency exercise: Sample A (60 undated labels)

Measured Koyamaki series / horizontal scale: 3 mm per year / relative ring width

Print at 100% / actual size. Disable fit-to-page scaling.

Dashed: scaled in the same way. Align vertical scales, then slide horizontally.



100 mm

Practice with a known-date series; not a stand-alone dating criterion.

Yonenobu et al. (2026), Dendrochronologia 98, 126565
